18th December
Last day of school for
students

Hello to everyone in

Wakool Burraboi's Learning Community

We look forward to seeing everyone tonight to open the 2013 Wakool Burraboi Art Spectacular. At each exhibition the opening-ceremony is a special event. But in the concept of Student Art in 2013 there are also other highlights which the students will share with you this evening. Just a reminder, students are expected to be at the hall at 7.00 p.m. in school uniform, with their reading that they are encouraged to practice after school. Congratulations to our Art Teacher Vicky Lowry, who has created and displayed the ART we will be appreciating this evening. I would also like to thank Freddy & Nikita Lowry for their support and assistance with the displays. Thank you also to Sophia Landini who brings such joy into our school when she visits for voluntary work experience, for also helping to prepare for the Art Spectacular.

This Wednesday Felicity Macauley and Vicky Lowry will travel to Sydney as part of the Riverina South West excursion to watch among other activities, the '2013 School Spectacular Performance'. It looks to be a sensational full program, participating in drama and art activities before watching the evening performance of Schools Spectacular 2013.

In week 6 I joined my Principal Colleagues from the Deniliquin District Network for Professional Learning. A number of proposals and action plans that will affect all schools were discussed. As we move towards 2014, Principals will be uniting to make sure all schools and communities are aware of and organised for any changes. I will continue to share new information with you through our school newsletter.

Last Friday our environmental team of John Paul Landini, Leonard McClay and Felicity Macauley travelled to Deniliquin for the Creative Catchment Book Launch. The exciting event was held at St.Michaels Primary School. Student representatives from all Deniliquin & District Schools met to celebrate the knowledge students have gained through involvement in this environmental initiative. We would like to thank Stacey, Owen and Adrian from Murray Catchment Authority for their co-ordination of the program and our Environmental Champion Matt Herring for being a positive role model. A big thank you to Mrs Jenny Gordon for transporting the CCK team to Deniliquin on Friday, a very helpful gesture that assisted the students and teachers.

Have a lovely week!

Carly Doyle
Principal

Primary Swimming!

Well done to all primary students for an enjoyable first session at the Echuca Heated Pool. Miss Biti, Vicky and I were pleased to see students develop their skills with us. Their next session is on Tuesday 3rd December.

Deni Uke Muster

On Friday night at Deni Uke Muster HQ hundreds of keen ukulele players flocked from all over Australia to Deni.

We received an itinerary at the entrance for the weekend. It included jam sessions and workshops. Open mic night was one of our favourite activities because some very famous ukulele players such as Richard Gibson and Wangaratta ukulele group came along. Both boys attended the festival on Saturday. Kadyan travelled to John Pauls house and then we left for the Deni Uke Muster. The concert that evening was superb!

A big thank you to Deniliquin South West Music for the organisation of the festival.

Kadyan received a pineapple Koyama ukulele for his efforts and participation during the festival. Many thanks to Koyama and Chris for this generous gift. John Paul is currently saving for a Maton ukulele due to his involvement in the program (advice from Chris).

K 1 2 Capers

It was a busy week last week getting ready for the Art Spectacular tonight. We are very grateful to Vicky and all the time and effort she put in to help us with our fabulous creations. We hope you enjoy the opening tonight.

Will, Declan and Kiesha have been reading about a boy called Tim who had a 'Toy Day' at his school. That gave them an idea to hold their own toy day. They had to choose a date on the calendar, consider how it should be organised and think about how they can let people know about it.

We studied the Art Spectacular invitation to consider the choices Vicky made when she created it and we used some of her ideas to create our own invitations to send out to the K12 children so they know to bring in a toy on Thursday that they can share with the class. The children decided that these toys are only for showing and not playing with as we need to keep them safe. The 3/4/5/6 children are going to be invited in to view our toys and learn more about them in the afternoon so we have made invitations for them to. Thanks to Will, Declan and Kiesha for having such a great idea for a classroom event.

K 1 2 students

You are invited

to... The Toy Day

Thursday 28th November

Bring a toy to show.

You will be leaving

it in the classroom for the day.

Bookclub

Bookclub orders are due on 2nd December 2013. Please return to the office. Cheques should be made out to Wakool Burraboi Public School.

It would be appreciated if families could please bring a plate of supper to share.

The simplest way

to set a healthy example for our kids.

Did you know that in NSW **9 out of 10** parents are not eating the recommended daily amount of veg and **half** are not eating the recommend daily amount of fruit?

What you eat influences what your children eat; this is especially important with fruit and veg because eating adequate amounts all your life can help protect you and your children against all of these:

- Coronary heart disease
- Some forms of cancer
- Obesity and being overweight
- Constipation
- High blood pressure and cholesterol levels
- Diabetes

By **eating more fruit and veg now** you'll be a healthy role model for your kids and help protect their health in the future.
