Year 3 - 6

As a culmination to their 'Gold' unit Years 3 – 6 used a metal detector to find metal items buried under the ground. Each child had a turn at using the metal detector and were delighted at their discoveries. Thank you Sharon for bringing in this modern device that allowed the students to compare the difference between fossicking for gold and using modern devices to find hidden treasure.

Barham Farmers Market

When the holidays started most school students took a well-earned break. However, to help raise money for their major excursion Wakool Burraboi students and parents were busy on the first Sunday of the holidays at the Barham Farmers Market cooking breakfast and selling preserves. More than \$500 was raised to help with excursions. This fabulous effort would not be possible without the generosity of local producers, Community Cooks, the Café and Sharon McGuiness. Thank you everyone for your support.
